

Newsletters

Our [newsletters](#) are available online. The combined Foundation and Quest newsletter, **Foundation Line**, is published 4 times per year and its purpose is to keep everyone up to date with what our funded medical researchers are investigating, what achievements have been made and to show where the [raised](#) funds are [invested](#).

The **Quest** component is news to share on what Entrants have been doing, what activities have occurred, what events are coming up, [fundraising ideas](#) and other important information.

We also request feedback on what the readers would like to [see](#) included in the newsletter or give feedback on any matter.

Please send in text and images, .jpg format preferred, for inclusion in the Newsletter. It is good to see what Entrants/Clubs are doing re. events etc. Please share!

Please use the signup form on the right if you would like to subscribe to Foundation Line.
